vs

United States

Motion For

Judges Assistance

and Housing

FILED - USDC - NH

Your Honor, I am writing you because the Federal Bureau of Prisons continues to violate the order that you issued to the FBOP in 2016 to destroy my original PSI. Because there was an error in it saying I groped my girlfriend. Because Probation Officer Scott Davidson altered the Police Report. which as you know has caused me several problems with my housing, safety, and rehabilitation. My housing changed because I could not go out onto active gang yards, that would have possibly gotten me killed or seriously hurt. so I have had to keep refusing yards and continually be housed in segregated housing unit (shu - 24 hour lockdown unit) so now I was being housed in shu only due to my safety not disciplinary reasons. Plus I could not program or rehabilitate. so another part of your order was the (seclusion). they have sent me to

10 Prisons I cant walk due to the sexual classification status. Even now they sent me to coleman 1 RTHU Program Finally. when I got here they refuse to let me go and put me into the shu again with no incident. They say when I was here in 2016. I threatened staff. there is no incident report or write up. It is only because someone here does not like me. If this was true Grand Prairie Classification would not have sent me here. if there was a threat because it would have been in my paperwork so since I have been secluded to the shu I have been trying to clear some open cases out of mass. and ask for a copy of the court order (See attached Form) they refuse to give it to me. because they are keeping me secluded to the shu. I have 30 months left and they are still not giving me the chance to rehabilitate. I have not seen my family for 5 years because they can not visit because of the seclusion to the shus and transfers. my mother Gina Rayeski has called your clerk to speak to you for your help. your clerk advised her that I should file this motion. this has been going on

for years. I can not take it mentally anymore AS IN my file I have mental Health issues. I am asking you to have me removed from (FBO) custody and sent to Dover House of Corrections where I can rehabilitate, program, mental health counseling, work and visit with my family so my success upon release is at it maximum. Last I am requesting for a transport order to bring me to your court to put this all on the record because as of the contempt of court order I Filed, because I did not ask for transfer order to the court to be put on Record it was denied.

Respectfully submitted
